The Rhythm Coach is absolutely incredible.

It is the most ideal practice system and tool that I've seen. **

Thomas Lang

If you want to get better faster, this is the tool.

With the mesh head, sounds and different Rhythm Goach exercises, it's incredible for developing your chops, timing and accuracy.

Johnny Rabb

I was very impressed by the RMP-5.

I only wish that before I began my professional recording career, that I'd had something like this.

Peter Erskine

The Rhythm Coach should be a drummer's best friend.

This can change your whole perspective on practicing. It's limitless.

Travis Barker

Hear why the pros choose the Rhythm Coach at www.RolandUS.com/VDrums.
